Extracted from the now defunct Scioto.org the former Scioto County GenWeb Site

Fargo Cemetery is located on top of a hill directly across Lick Run-Lyra Rd. from the Bihl Produce Farm. It consists of one large stone which is fenced in by a concrete wall. One end of the wall has crumbled and the graves are over grown with bushes and briars. It was recorded Nov. 15, 1987 by Virgil and Marguerite Ramsey. The shaft had toppled from the base, and the only inscription we could copy was:

FARGO, Eliza his w Nov 18, 1820 Oct 8, 1882

The surname was on the base and there were two foot stones with initials E.F. and L.F.

The following information was furnished from death records located in the courthouse:

FARGO, Larolt d. Dec 12, 1887 age 76y 7m 28d (birthdate May 15, 1810)
